

EUROSAF EUROPEAN SAILING ACADEMY

A European High-Performance Training & Development Centre

Developing Europe's next generation of world-class sailors.

MORE SAILORS. MORE FUN. MORE SUCCESS.

Our Strategic Positioning

The Academy combines elite performance with European cooperation.

HIGH PERFORMANCE

A dedicated environment for top-level athlete development and international competition preparation.

COACHING EXCELLENCE

World-class coaching, international expertise and continuous professional development.

EUROPEAN NETWORK

Federations, athletes, coaches, universities and partners working together.

The Academy is not simply a training venue. It is a shared European high-performance resource.

Our Mission

To develop people, elevate performance and strengthen European sailing.

Provide top-level athletes with access to high-quality training and performance environments.
Support the development of coaches, technical staff and performance teams.
Connect elite sport with sports science, research and innovation.
Create international training and knowledge-exchange opportunities.
Strengthen the high-performance capacity of EUROSAF Member Federations.

Our High-Performance Focus

From potential to performance — and from performance to world-class success.

The athlete is at the centre. The Academy provides the environment, expertise and network around the athlete.

The Academy Ecosystem

A high-performance environment supported by a European network.

COACHING

World-class expertise and international exchange.

SPORTS SCIENCE

Performance analysis, physical preparation and innovation.

ELITE ATHLETE DEVELOPMENT

FEDERATIONS

Shared resources and stronger athlete pathways.

INTERNATIONAL NETWORK

Training groups, competitions and European cooperation.

High-Performance Pillars

The Academy supports the complete performance environment.

ATHLETE

Elite training, development and competition preparation.

COACH

Continuous learning, expertise and international exchange.

SCIENCE

Data, performance analysis, biomechanics and recovery.

ENVIRONMENT

High-quality facilities, training groups and international exposure.

A Shared High-Performance Resource for Member Federations

Federations do not need to develop every high-performance resource alone.

TOP ATHLETE DEVELOPMENT

Additional high-level training opportunities for elite athletes.

EXPERTISE

Access to international coaches and specialists.

TRAINING GROUPS

Connect athletes with stronger international training environments.

SPORTS SCIENCE

Access to performance knowledge, research and innovation.

COMPETITION PREPARATION

Prepare athletes for major international events.

CAPACITY BUILDING

Strengthen the federation's own high-performance system.

Why Should Federations Participate?

Participation is an investment in athletes, people and long-term performance capacity.

Develop and retain top-level athletes.
Access international expertise and high-performance environments.
Create new opportunities for coaches and technical staff.
Build partnerships with other European federations.
Connect with universities, research and innovation.
Strengthen the pathway from national talent to international success.

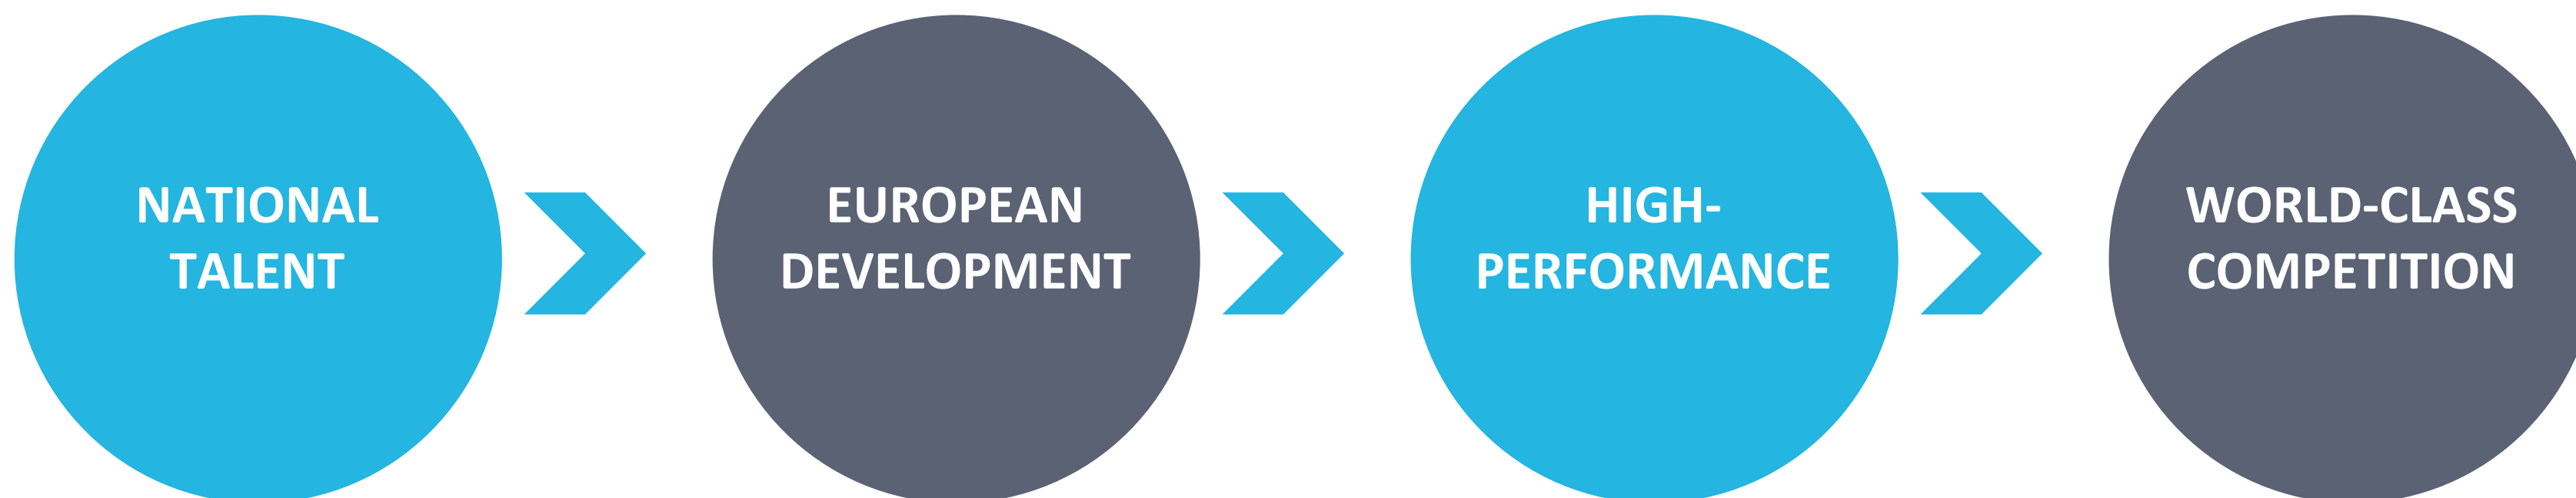

**A stronger athlete
pathway.**

A stronger federation.

A stronger Europe.

The Athlete Development Pathway

The Academy creates a bridge between national systems and international high performance.

The goal: more European athletes capable of competing and succeeding at the highest level.

The Strategic Opportunity

EUROSAF Academy can become a European High-Performance Hub for Sailing.

A centre for elite athlete development

A meeting point for world-class coaches

A bridge between sport and science

A shared resource for Member Federations

A platform for international training groups

A laboratory for the future of sailing

LET'S BUILD THE FUTURE OF EUROPEAN HIGH-PERFORMANCE SAILING — TOGETHER.

PARTICIPATE

Join high-performance programmes and events.

CONTRIBUTE

Share expertise, coaches and best practices.

COLLABORATE

Develop joint projects and training opportunities.

CONNECT

Build long-term European performance networks.

INVEST

Invest in athletes, people and the future of sailing.

PEOPLE. PERFORMANCE. KNOWLEDGE. INNOVATION.
